

### Coffee & Tea

Spray small stains with Spot Stain Treater (allow 15 minutes before rinsing) or soak large stains with Powder Booster. Machine wash remaining stain residue.

### Berries

Spray with Spot Stain Treater and wait 30 minutes. Blot Stain Treater residue off with water. Wear again if you like.

### Grass / Mud

Soak using Powder Booster (for large and 'set' stains) or spot treat with one pump of Laundry Detergent. Wait 30 minutes. Machine wash as usual. Dry in sunlight.

### White Deodorant

Get some cotton socks and rub them against the stain. Machine wash with Laundry Detergent.

### Sunscreen

Spray with Spot Stain Treater. Spot treat with one pump of Laundry Detergent. Agitate the stain to loosen weave. Wait 15 minutes. Machine wash as usual.

### Sweat Stains

Make a paste with Powder Booster and water. Apply to the affected area. Leave for up to 2 hours. Machine wash (Advanced Wash is best for sweaty fabrics).

### Mould

Tricky! You'll need additional help from Chlorine Bleach, which we do not usually recommend. Follow purchased brand instructions. Always patch test first. Machine wash with Laundry Detergent.

### Blood

Rinse with cold water. Soak using Powder Booster (for large and old 'set' stains) or spray with Spot Stain Treater. Wait 30 minutes. Machine wash as usual. Dry in sunlight.

### Pasta Sauce

Soak using Powder Booster, or spot treat smaller stains with one pump of Laundry Detergent. Wait 30 minutes. Machine wash as usual. Dry in sunlight.

### Chocolate

Spot Treat with one pump of Laundry Detergent, agitate the stain to loosen weave. Wait 15 minutes. Machine wash with Laundry Detergent.

### Paint & Ink

Spray with Spot Stain Treater. Spot treat with Laundry Detergent. Agitate the stain to loosen weave. Wait 15 minutes. Repeat if possible. Machine wash with Laundry Detergent.

### Turmeric

Act fast! Spray with Spot Stain Treater. Spot treat with Laundry Detergent. Agitate the stain to loosen weave. Wait 15 minutes. Machine wash with Laundry Detergent. Dry in direct sunlight.

### Wine

Blot away stain residue. Spray with Spot Stain Treater. This will fade the stain instantly. Blot with water to remove product residue. Repeat if necessary. Machine Wash remaining stain residue.

### Baby Stains

Soak using Powder Booster in (ideally) warm water, or spot treat directly with one pump of Laundry Detergent. Wait 30 minutes. Machine wash as usual. Dry in sunlight.

### Butter & Oil

Soak using Powder Booster, or spot treat smaller stains with one pump of Laundry Detergent. Wait 30 minutes. Machine wash as usual. Dry in sunlight.

### Makeup

Spray with Spot Stain Treater. Spot treat with Laundry Detergent. Alternatively, make a paste with Powder Booster and water. Agitate the stain to loosen weave. Wait 15 minutes. Machine wash.

POWDER BOOSTER

# The Stain Guide

Important Note:

Read and follow your garment care labels. Always patch test our recommendations on an inconspicuous patch of fabric first. Never leave bleach based products (found in our Spot Stain Treater and Powder Booster) on fabric for longer than 2 hours.

No two stains are the same. But most can be treated with the right combination of stain busting ingredients; enzymes, surfactants and bleach. These are found in different varieties across our range. With the right blend, there's no stain you can't tame.
